

## **CATA EDI Research Grant Information**

The CATA EDI Research Grant aims to provide funding for research related to the principles of equity, diversion, and inclusion as they pertain to the members of the CATA, their patient populations, and their communities. Award recipient(s) will be expected to present their completed project at the CATA Annual Symposium following project completion. Grants may be awarded in the amount of \$500 to two recipients, or \$1000 to a single recipient, pending strength of the application pool.

Completed applications should be submitted [here](#).

Applications will open on 11/1/22, and applications are due by 11/28/22. Award recipient(s) will be notified via email by 12/15/22.

### Research Grant Eligibility:

1. Applicants must be current CATA members in good standing, and
2. A student enrolled in a CAATE accredited athletic training education program, OR a Certified Athletic Trainer

### Required Application Materials:

1. Application Form
2. Brief project proposal, including
  - a. Purpose,
  - b. Methodology,
  - c. Estimated time of project completion,
  - d. Proposed budget for use of EDI Grant funds
3. Statement (approximately 500 words) describing how the project will advance the principles of equity, diversity, and inclusion as they pertain to the CATA members, their patient populations, and their communities

If you have any additional questions, please email the CATA EDI Chair, Dr. Monica Ohkubo, at [edichair@ca-at.org](mailto:edichair@ca-at.org)
